[NUMB. 836.]

THE South-Carolina Gazette.

From MONDAY *May* 14th, to MONDAY *May* 21ſt, 1750.

LONDON, *January* 6.

AT a meeting of many inhabitants of *Weſtminſter* it was unanimouſly agreed to deliver a petition, ſigned by 1400 names, to Sir *Peter Warren*, one of their members, with a requeſt that he would preſent it to parliament for a bill for the more eaſy and ſpeedy recovery of ſmall debts within *Weſtminſter* and its liberties.

Edinburgh, Jan. 18. A private Letter from Kirkcudbright acquaints us, that on the 6th inſtant died at Greenſlack, in the Pariſh of Borg, Robert MacNiſh, long a conſiderable Farmer in Arlingtown, within two Miles of that Place, aged 110 Years. About a Twelve-month ago he was able to mount his Horſe, and go a Hunting, which was always his favourite Diverſion. He died within a Mile of the Place where he was born, retaining his Senſes, Memory and Judgment, to his laſt Minutes.

London, Feb. 1. The laſt Letters from Florence afford us an Inſtance of the Oppoſition which an ignorant, ſuperſtitious People are capable of making againſt their true Intereſt. Some Time ago the Regency of Tuſcany ſollicited and obtained a Bull from the Pope, for ſtriking out of the Calendar about 25 Holy-Days, and have accordingly begun to put it in Execution; but they find no ſmall Difficulty to make this new Regulation go down with the common People, who are ſtill for keeping the ſuppreſſed Feſtivals of Saints, partly through a Spirit of Idleneſs, and partly through the underhand Suggeſtions of the Clergy. However, the Government being reſolutely bent upon going thro' with the Work, many of the Refractory have been fined, and ſome of the poorer Sort committed to Priſon.

The Eagle, Thompſon, bound from Genoa to London, was lately taken, under Pretence of having a bad Paſs, by an Algerine, who took out all the People, except the Captain and one Man, and put eight Turks on board, with Orders to proceed for Algiers; but they were ſo ignorant, that Neceſſity obliged them to give up the Direction of the Ship to Capt. Thompſon, at the ſame time threatening him with Death, if he did not carry her into Algiers; but he carried her to St Lucar, where the Turks were ſeized; and he has ſecured the Ship and Cargo for his Owners.

On Monday Morning one Cotterell, a Pavior in Tooly-Street, who is upwards of Fifty Years old, walked for a conſiderable Wager from the Pound in St. John's-Street, to Kick's End, near Barnet, being twelve Miles, in one Hour and thirty-five Minutes; he was allowed two Hours to perform it in.

On Saturday laſt Judgment was given in Chancery, by the Lord Chancellor, aſſiſted with Lord Chief Juſtice Lee, Lord Chief Baron, and Mr. Juſtice Burnett, in the great Cauſe depending ever ſince the Year 1740, between the Aſſignees of William Harveſt, a Bankrupt, and Mr. Rowlls, Sir Thomas Reynell, Bart. the Rev. Mr. Harveſt, and Mr. Skip, being a Caſe of the utmoſt Importance in Trade; the Caſe being whether Mortgages made by the Bankrupt, before his Bankruptcy, to the Defendants, upon his Stock in Trade, were good or not, againſt the Bankrupt's Creditors? When the ſaid Mortgages were all ſet aſide, in Favour of the ſaid Creditors, by the unanimous Opinion of the Lord Chancellor and the ſaid Judges.

London, Feb. 3. Orders are given at his Majeſty's Yards for getting ready for the Sea ſeveral Twenty and Forty Gun Ships early in the Spring.

On Wedneſday laſt the new Caroline Yatch was launch'd at Deptford, and eſteemed the moſt beautiful Ship ever yet built.

Letters from Rome mention, that there are above 100 Engliſh Nobility and Gentry, of both Sexes, at preſent in that City.

London, Feb. 6. Laſt Sunday died the Right Hon. John Murray, Earl of Dunmore, Colonel of the Third Regiment of Guards, General of Foot, Governor of Plymouth and St Nicholas Iſland, and a Lord of the Bed-Chamber to the King, and one of the Sixteen Peers of Scotland.

Laſt Week the Hon. Robert Hunter Morris, Eſq; Chief Juſtice of the Province of Jerſey in North America, was preſented to his Majeſty, had the Honour to kiſs his Hand, and met with very gracious Reception.

There are now training up at New-market, ſix running Horſes, which are exerciſing in drawing a Phaeton, which they are to run with over the Courſe there, nineteen Miles in an Hour, for a Wager of 1000 l. This Wager has been ſome Months depending, and ſeveral thouſand Pounds are betted on it.

A Bill is ordered into Parliament for the more eaſy and ſpeedy Recovery of ſmall Debts within the City and Liberty of Weſtminſter, and that Part of the Dutchy of Lancaſter, which lies within or adjoins to the Pariſhes of St. Clement Danes and St. Mary le Strand.

London, Feb. 10. On Thurſday a noted Practitioner of the Law (who has lately had large Dealings in Trade) ſaved himſelf from being taken into Cuſtody by making the beſt of his Way out of Weſtminſter-Hall.

London, Feb 13. Letters from Madrid bring Advice, that the Count de Carvajal, and the Marquis de l'Enſenada, had quarrelled about the Negociation with the Britiſh Court; the latter repreſenting to the Catholick King, that the Conditions propoſed to Great Britain were too advantageous to that Crown, and would in the Event be attended with very bad Conſequences to the Trade of Spain: But that the Opinion of the Count de Carvajal had carried it with the King, and it had been decided to abide by the Terms propoſed.

We hear that the Marquis de Mirepoix will accompany his Majeſty to Hanover, and that the Count d'Artagnan, who hath been preſented to the King by his Excellency, will be charged with the Affairs of France at London during the Marquis's Abſence.

'Tis ſaid, that to encourage the Importation of raw Silk from China (to ſupply the Place of what uſed to be brought from Spain and Italy) the Duty thereon will be the ſame as on Italian raw Silk, and the ſame Drawback given on the Exportation thereof.

The Account of the Pike being taken by the Algerines, and ſince arrived at Gibraltar, is confirmed by Letters which the Owners at Pool have received from the Maſter, who continues to aſſert his Paſs was good.

A few Days ſince died in Old Aberdeen, aged 100, Janet Ediſon. She had been married 72 Years; and her Huſband (who died lately) had ſerved as a Soldier under King William, Queen Anne, King George I. and his preſent Majeſty.

Yeſterday Orders were iſſued for the Equipment of the Yatchts, for Bedding, Furniture, &c.

We hear that his Majeſty will ſet out for his German Dominions the Beginning of May, and that he will be attended thither by the Duke of Richmond and Lord Delawar.

As we have many new Appearances in the real World, ſo we have had as ſingular in the Theatrical Repreſentation of it. One while a Man in a Bottle, another Time a Bear, or Lion, has engroſſed the Attention of this polite Town. Now
